Movie Speak

Bill, Tony

160 x 114 mm
224 pages

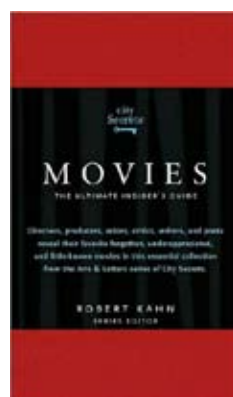

ISBN 9780761143598 - \$22.95 PB

QTY:

When is "groucho" not a comedian? What's the "Castle rock rule" and when should you call for a "buff & puff"? An oral tradition gathered and passed down for more than a hundred years, the language of moviemaking, like other secret lexicons, is the only accepted way of communicating on a set-and is all but unknown to the outside world. Technical, odd, colourful, mysterious, the working language of movies sheds light not only on the hugely complex process of making a film, but on the invisible hierarchies of a set, and the unspoken etiquette between cast and crew. *Movie Speak* is a book about what it's really like to be a director or a producer or an actor or a crew member.
