Japanese Goth
Godoy and Vartanian

158 x 228 mm
240 pages

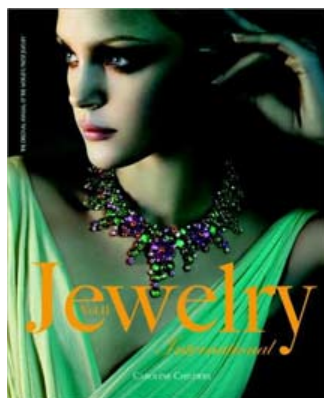

This book is a visual foray into Japan's increasingly popular and internationally influential Gothic-Lolita and Gothic Punk subculture. It showcases a creative lifestyle synthesized from a remix of Victoriana, the macabre and theatricality that is reminiscent of the early Punks of the 70s and 80s or the Club Kids of the 90s but entirely original and infused with a unique Japanese taste for fusing disparate elements of global pop culture into something fun, stylish and unique. The book features the work of a variety of designers, artists and personalities from the world of illustration, art, graphic design, fashion, music, manga and dolls.
