Uncovered
Massengill, Reed

212 x 275 mm
160 pages

ISBN 9780789318664 - \$99.00 HB

QTY:

The historic substance behind these vintage photos (never before published in book form) gives this book an air of respectability that no other male erotic photo book has. **Uncovered** brings to light the work of ten photographers who were suppressed and censored in their time. Produced in the pre-Stonewall era, these images were kept underground for fear of police confiscation, harassment, or worse. Each chapter in **Uncovered** presents at least ten full-page reproductions by a different photographer, plus the fascinating stories of each photographer's work and how it has been uncovered.
